Arrowwood's Annual Celebration to be Held Fri., June 1

Next Friday is Arrowwood's big Annual Sports Day and Baseball Tournament sponsored by the Baseball Club. A full day of amusement, sport and entertainment has been planned and if the weather man is kind a banner day is expected.

The feature event will be the ball tournament with the local team and the three outside teams—Calgary, Cardston and Queenstown, displaying the baseball. The first game will be at 1:30, the second at 5 and the final at 6:30 p.m. The usual children's races and sports will commence at 10:30 while at the same time a Jr. baseball game will in all probability be played.

The Ladies Aid of the Brethren Church will be serving light lunches on the ground while Bill McKinley will be behind the counter serving ice cream, soft drinks etc.

In the evening commencing at 9 o'clock Eddie McLean's popular dance orchestra will favor the community with his latest and snappiest numbers.

Admission to the grounds is only 25 cents—to the dance 50 cents. So let us all be on hand to make this year's sports bigger and better than ever.

Special Announcement to All Members of the Marquis Athletic Club

1. Boys' 100 yard Dash
2. Girls' 75 yard Dash
3. Boys' 220 yard Dash
4. Girls' 220 yard Dash
5. Boys' High Jump
6. Girls' High Jump
7. Boys' Running Broad Jump
8. Girls' Running Broad Jump
9. Boys' Hop, Step and Jump
10. Girls' Hop, Step and Jump
11. Girls' Relay, 4 runners, 100 yards each
12. Boys' Relay, 4 runners, around the track, 220 yards each
13. Girls' Basketball Throw
14. Boys' Half-mile Race
15. Girls' Softball and Basketball
- Boys' Softball and Hardball.

Elimination games will start at 10 a.m. sharp. All teams must be on hand if they wish to enter. No team arriving at dinner time or later will be able to enter.

Come early please, so that all events can be staged.

Don't forget the dance in the Oddfellows Hall, in Milo, after the big sports program.

Jack Bushell, Sec.-Treas.

Piano Recital A Demonstration of Talent and Training

The Piano Recital by Mrs. P. T. Coleman's pupils of Milo, Lomond and Arrowwood was a decided success, both school rooms being crowded to capacity. Mrs. McTride made a very able chairman, in the absence of Mr. S. Williams. The pupils played with care and fine technique, particularly evident in the advanced students in the different numbers. Eileen Brinker's rendition in C Sharp Minor was remarkable for one so young, considering the extra heavy chord work, which she played with perfect ease and wonderful expression. The duet by Ethel and Reata Hanna, of Lomond, was a delight to those who are fond of music, as was also "Marionettes," played by Maxim Watt. Patricia Coleman's rendition of Chopin Valse showed talent and training. Bach's Two Part Invention by Betty Thornton of Milo was very good. Other performers worthy of special mention were Shirley Taylor, May Weins and Dorothy Hesketh. An outstanding feature of the whole program was the perfect ease with which each pupil performed, which demonstrated the thoroughness of their teacher.

The vocal solo by June Clifford added variety to the program and was much enjoyed. June is a promising vocalist of the future, with very pleasing voice.

The students of the piano class gave a fine demonstration, individual playing, of the splendid work being carried on in class work at the schools.

At the close of the program Shirley Taylor, on behalf of the Arrowwood pupils, presented Mrs. Coleman with a beautiful bouquet of roses and carnations with an address voicing their appreciation of the interest and care spent on them during the past year. Arrowwood is indeed fortunate to have a teacher of Mrs. Coleman's ability in their midst.

Warning to Parents

It has been brought to our attention that some of the young boys in Town have been guilty of breaking into closed premises, besides breaking locks to gain entrance, damage has been done inside the buildings. After this warning, any boys caught in the depredations will be rigorously prosecuted.

ARROWWOOD VILLAGE COUNCIL.

Don't forget the Arrowwood Sports Day on Friday June 1.

U.F.W.A. Met at the Home of Mrs. J. W. McRae

In observance of Goodwill Day the U.F.W.A. held a peace meeting at the home of Mrs. J. W. McRae. Mrs. R. F. Williams assisting. The meeting opened by singing "Sweet and Low." Roll Call was answered by answering the question, "What Can I Do to Further Peace?" Fifteen members and five guests were present.

Mrs. Komper read a very interesting book review of three books dealing with war conditions, especially the question of armaments. Mrs. Weins and Mrs. Hale gave interesting convenors reports. Myrtle McRae then entertained with a reading: "The Kittens and the Babies," which was much appreciated. Mrs. Vancil gave a special paper on "Philpot, his life and work."

The next meeting will be Wed. June 6th, at the home of Mrs. Mason, Mrs. Norton and Mrs. House assisting. Every body welcome.

Baseball Notes

Midget Baseball

The boys went to Gleichen last Saturday and were handed the short end of an 18-14 score by the Gleichen nips. The boys played fair ball and were leading Gleichen from the start until a ninth inning rally robbed them of their lead. A few good hits by the Gleichen boys and a number of costly errors by the local boys, in the last of the ninth, enabled the Gleichen team to carry off the honours.

Arrowwood — Anderson L. and T. Irwin, Burris E. and M., Moss R. and M. Rojer, Cochran and Allan.

Gleichen — Laskoski, Woods, Schnepp, D. J. Erdman, W. P.

Bogstie, Michael, Warner and Swain.

A.H.S. 9—Strathmore 19

Playing against an older and more experienced group of ball players Tuesday night, the A.H.S. had much difficulty in their encounter with the Strathmore club. The local boys, notwithstanding off their usual form, played well during the early part of the game and kept the score even until the fourth inning, when Strathmore sent six runs across to give them a lead of 11-3. Poor support in the field did not assist Leroy Richards and in the fourth inning Joe Dunika took over the assignment on the mound. Joe found it pretty hard to outguess the visitors but when Clarence Norton took over the duties behind the plate, the task was much lighter. Quite assured of victory, and with little to fret about the Strathmore fielders were quite content to let the battery do the work, in the ninth inning and all rested after their circuit of base running; Donald Vancil had a long drive to centre field for 3 bases and was allowed a home run as a reward. Glen Sparling pitched the last two innings for Arrowwood.

Although the score was very much one-sided the A.H.S. should not feel disheartened because both Strathmore pitchers have performed on the mound in senior company and nine runs off such a combination is a credit to our younger and more inexperienced team. Arrowwood—Norton, Dunika, N. Dunika J., Cary, Vanier K., Irvin, Starline, Bowles, Scott, Vancil D., Richards, Williamson, Strathmore—Cleave G., Martin, Gray, Moran, Christensen, Cleaven, F. Ridley, W. Ridley, Sonoren, Ab. Crelin.

Arrowwood 6—Queenstown 4

In the first game of the season Monday evening, on the local grounds, Queenstown and Arrowwood teams met, resulting in a victory for the locals by a score 6-4. Although both

Arrowwood Notes

Carlsbad at Arrowwood on Sat., May 26th, Come and see the Seniors play.

The Service next Sunday will be in charge of the Salvation Army Staff of the Eventide Home, Gleichen.

Norman R. Jennejohn, B. Sc. has been awarded at the Convocation of the University of Alberta, 1934, the Bulyea Prize for General Proficiency in Second Year Dentistry.

The Arrowwood Bakery and Ice Cream Parlor is now ready to serve you with a full line of cigarettes and tobacco.

All roads lead to Arrowwood on Friday June 1.

Charlotte Kelly celebrated her twelfth birthday on Tuesday by entertaining a number of her friends at a party.

The small son of Mr. and Mrs. Goatch had the misfortune to have his collar bone broken last Saturday. He was attended by Dr. E. J. Leismer.

The services conducted by Rev. J. Wieand at Cluny and Gleichen were very much appreciated.

Mr. and Mrs. H. E. Liesemer and Mr. and Mrs. L. H. Liesemer of Carstairs Alta., were visitors at the home of Dr. and Mrs. E. J. Liesemer over Sunday.

A successful Mother and Daughter's Banquet was held in the basement of the Church of the Brethren on Friday, May 18th. A full report will be published next week.

Mr. and Mrs. E. C. Fletcher and infant daughter of Red Deer, Alta., were week-end visitors at the home of Mr. and Mrs. N. G. Cary. Mr. Fletcher is editor and proprietor of the Optomist, published at Red Deer, having started his newspaper career in the office at Armstrong, B.C.

The Marquis Athletic Club will hold its annual Sports Meet at Lake McGregor on May 26th. Elimination games will start at 10 a.m. There will be a dance in the evening in the Oddfellows Hall in Milo, Admission, Gents 25c.

The small son of Mr. and Mrs. Preston Shatto who was severely burned on one leg last week while walking through burning stubble, is improving favorably under the care of Dr. E. J. Liesemer.

KEEPING UP QUALITY

This reputation of Canadian wheat on the markets of the world is due to the efforts western farmers have made to keep up the quality of their production.

And the reputation of United Grain Growers is similarly based on unremitting efforts to keep up its quality of its service to farmers in handling their grain and furnishing them with farm supplies.

DELIVER YOUR GRAIN TO

UNITED GRAIN GROWERS LTD.

Elevators at Arrowwood, Milo, Queenstown, Mossleigh and Shouldice.

The Leader for Over Forty Years

"SALADA" TEA

"Fresh from the Gardens"

Japan Menaces World Peace

World opinion apparently is agreed that Japan is engaged in intensive preparations for war, primarily with Soviet Russia, and with hegemony of Asia and the Pacific as its ultimate objective. The statements cited in support of this opinion are from other interpretations. "There is no gainsaying saying the fact Japan has embarked on an imperialist policy strongly reminiscent of that which agitated pre-war Europe and which brought civilization to the verge of catastrophe."

Even at the time has been set, it is claimed, by Japan's military experts. Armament will be located in the Orient in time of war or before. A world still struggling to escape the bitter shadow of a Great War then, at no far distant date, will be faced with another which, unless due precautions are taken, may complete the havoc of the last. The chancelleries of the world, the House of Commons at Ottawa, economists and statesmen generally, are satisfied Japan is headed for war.

And so the evidences which have provided front page stories for newspaper leading articles for editors and journalists, texts for sermons and subjects for radio lectures, and which point so unmistakably to war in the Far East?

Ever since its Shanghai and Manchurian adventures, Japan has been showing its hand, and has made it plain that establishment of a dummy kingdom in Manchuria did not satisfy Japanese ambitions with respect to the Asiatic mainland. Withdrawal from the League of Nations was but a considered step in a pre-conceived plan which envisaged war with Soviet Russia as a necessary preliminary to further imperialistic expansion. The recent ultimatum to the great powers designed to prevent financial or armament aid to China, is indicative of the fact that Japan is bent on expanding its influence over that vast territory. The ultimatum, construed as a trans-Pacific "Monroe doctrine," directly affects Great Britain and the United States, both of which have far greater financial interests in China than has Japan.

Furthermore, Japan is arming at greater speed than any country in the world. More than 40 per cent of its budgetary expenditures are earmarked for armament purposes. The Japanese air force is among the strongest in the world. It is in the air that Japan is threatening to dash to naval parity with Great Britain and the United States. So far as armaments are an augury, therefore, they point to not far distant war.

What of the economic aspect of the situation, perhaps the most significant of all?

Japan should have imperialistic ambitions, it is of course, a direct sequel to its adoption of western "machines" civilization. The growth of its industrial plant and productive power has been accompanied by a rapid growth of population. In ten years, Japan's population has increased from 56,000,000 to 66,000,000. It presses upon the resources of the country. Strangely enough, it has reached the same point at which Germany felt the need to expand overseas at any cost.

The entire population of the Japanese islands has been enlisted in a gigantic effort to capture world markets. Systematic inflation of currency, ruthless exploitation of the masses, are component parts of the state's mechanism for development and export trade. Japan's exports have doubled in three years. Against the odds, Japan has doubled its foreign trade, based upon world-wide and tremendous "low prices." Japan has improved unavailing. Sixty per cent of Japan's production is exported. Britain and Germany, even in the heyday of their foreign trade expansion, never exceeded 25 per cent; the United States never has exported more than 10 or 12 per cent.

"So far as our attack on world trade contains the seeds of our own destruction," says one writer who believes "the foundations will crumble beneath such excessive export traffic maintained by the most fantastic exploitation of the native population. Through forced labor, child labor, sweat-shop conditions, generally, Japan is selling abroad at least than production costs—in Japan." The government is behind the productive machine and the export program. Because of its actions, capital equipment (converters, blast furnaces) multiplies, dividends are high, while workers and their families starve.

How long will it last? The "machine" is geared to run until Japan is ready for war. It would appear to be a race between preparedness on the one hand and national breakdown and destruction on the other. War will be inevitable unless the threat of the instant crash.

The international expert read the handwriting on the wall. Can the counter-motion for peace gain weight quickly enough to prevent the catastrophe before Japan has reached the breaking point?

Removes Brain Tumor

Marvel of Surgery Reported From Leningrad

Removal of a brain tumor from a young girl under local anaesthetic by Prof. Polovin at the Leningrad Institute of Traumatology was hailed as a marvel of surgery.

After a bullet struck a pigeon's egg, was in the middle of the fourth ventricle, and threatened the patient with blindness. To obtain access, the surgeon had to displace the great hemispheres of the brain. The patient was apparently completely re-versed.

Few precedents for this operation are cited in medical annals.

All British army officers having the full rank of general are over 60 years old.

Fish-catching bats inhabit Mono Island, near the island of Trinidad.

Universal Use For Honey

As Foundation For Golf Balls It Is Excellent

What to honey is put are many and various, but perhaps the most unusual is in making golf balls. The honey is placed in a round stout rubber sac and is forced in under pressure. The ball is then covered with the usual rubber is wound and it has the ordinary outside. It is said that honey being non-evaporative and virtually unaffected by time or temperature will give a ball that will stand up under all conditions.

Building Up Air Force

Purchase of 24 Seagull aircrafts and engines to cost \$1,725,000 was announced by the Minister of Defense shortly after announcement of the construction of a heavy cruiser in Australia's program of increasing her defenses in view of the uncertain situation in the far east.

Abey Gets Milk Bath

Historic Westminster Abbey recently received a milk bath. Workmen had to break through a layer of skinned mutton to its massive arched pillars and even its statues. The treatment, recommended by architectural expert, was intended not only to clean the stone work, but to aid in preventing dampness. The bath was watched with care, although it is said five years must elapse before the value of the treatment is apparent.

What Eatons Costs

It is something to worry about.

If you only spend an average of 25 cents per meal during your lifetime, it costs you \$19,250 to satisfy the "inner man." Average individuals eat 77,000 meals in a lifetime, according to statistics compiled by M. Dugay, who presented a study to a meeting of market and grocery owners, restaurants and hotel men, national refrigeration experts and city health authorities at Cincinnati recently.

"My husband wired me from Paris on my birthday asking whether he should buy me a Rembrandt or a Titian. Now, which would you have?"

"Well, as far as that goes, most of these French cars are very good."

Search For New Worlds

Astronomers Looking For Planets Four Billion Miles Away

An intensive search by astronomers for more planets in the solar system, which is believed to be limited to exist far out near Pluto, nearly four billion miles from the earth, was announced by the American Philosophical Society. The new planet, which has been called "Pluto," is several more "years" to the nine known to circle around the sun. Astronomers believe it is "an improbable" that several other earth-sized planets similar to Pluto may be discovered. The new planet is the lonely, forlorn step-child of the sun, more than 40 times as far from the sun as the earth, and so must be extremely cold and completely lifeless and desolate. It is 10,000 miles in diameter, somewhat larger than the earth, but weighs only half as much.

CRAWLING ABOUT WITH LUMBAGO

Here is some useful information for anyone troubled with that uncomfortable ailment, lumbago. A woman writes:

"For years I suffered from lumbago. During the wet weather it was bad, but with great effort and pain, I was still able to do my work. Two years ago I got a job as a typist and crawled about for a fortnight, feeling very sorry for myself. I could not locate 103 typists. Someone said, 'Try Krueches Salts.' I did, and I have taken them ever since. They are good. I have had no trouble since. I hardly ever get a hint of lumbago these days."—Mrs. G. P. C. W."

With the Krueches Salts, the typist is now working happily at bay. Simply because it goes right down to the root of the trouble and removes it, which is an inflamed blood-stream.

That is what salts in Krueches keep the blood-vessels and vigor, giving a circulation a clockwise regularity of all the organs of elimination.

Famous Painting Found

Picture By Millet Passed Out Of Notice In 1825

After many years of search, Millet's famous picture, "No. 1," was identified by the sister of the artist, who died in 1912. The picture is now the chief topic of the Royal Academy exhibition of 1875. Shows a young woman reading a letter in which she has received a marriage proposal. The original title was "The Reader." The man, who afterward became Lady Stanley, wife of Sir Henry M. Stanley, the explorer. It was once sold for \$7,000. The recent buyer was Mabel F. W. Myers, sister of the late Edward Hopper, painter. Bradley, who had been seen painting for it for years, but had passed out of notice when bought privately shortly after the 1875 Academy exhibition.

Car Easier To Control

If Accidents Occur Drivers Are Largely To Blame

Motors can of day, while swifter of pace, are easier to control than those of yesterday. The latest improvements in steering mechanisms have been perfected, tires provide a greater degree of safety, steels and alloys entering into the construction of engine and chassis are capable of absorbing impact and reducing the fault then, is clear, is that of the drivers of motor cars—these drivers particularly, who, despite the convincing testimony of the casualty lists, will not recognize that the modern motor car, carefully handled, is an engine of death and destruction.

Abey Gets Milk Bath

Historic Westminster Abbey recently received a milk bath. Workmen had to break through a layer of skinned mutton to its massive arched pillars and even its statues. The treatment, recommended by architectural expert, was intended not only to clean the stone work, but to aid in preventing dampness. The bath was watched with care, although it is said five years must elapse before the value of the treatment is apparent.

What Eatons Costs

It is something to worry about. If you only spend an average of 25 cents per meal during your lifetime, it costs you \$19,250 to satisfy the "inner man." Average individuals eat 77,000 meals in a lifetime, according to statistics compiled by M. Dugay, who presented a study to a meeting of market and grocery owners, restaurants and hotel men, national refrigeration experts and city health authorities at Cincinnati recently.

"My husband wired me from Paris on my birthday asking whether he should buy me a Rembrandt or a Titian. Now, which would you have?"

"Well, as far as that goes, most of these French cars are very good."

HOLDS FALSE TEETH TIGHT AS CEMENT

Fangs can't possibly slip when you sprinkle on Dr. Way's Powder. Largest seller in world—holds false teeth so tightly you can't even see them like your own. Keeps mouth sanitary, breath fresh, prevents tooth-rot-causing germs sensitive gums from getting sore. Small cost—any druggist.

Old London Growing Fast

Every Year 150 Million People Added To Big Metropolis

Figures have been quoted by American statisticians to show that within so many years London, a larger city than London, Presumably that means Greater New York and Greater London, because the working population of both cities is, as the case with all large centres, is owing to vastly better transport facilities than the outer rings of the business areas.

New York is still about a million and a half behind, and if it is going to catch up on London it will have to grow twice as fast.

Lord Ashfield, the Englishman who once drove a street car in Detroit, and who is now the chairman of the London Passenger Transport Board, has to know something about the growth of London. He told an audience the other day that London is attracting new industries at the rate of 1,000 per annum. London doesn't ask for them. They just come.

Lord Ashfield is one of the most remarkable of human beings in the world. By this means 750,000 people have been added to the population within the past decade, and there are 50,000 new houses built each year.

London is growing rapidly, at the rate of 150,000 persons a year—virtually another big city is joined onto London every twelve months.

That rate plus the present migration to the suburbs, which is staggering in a hopeless chase if trying to overtake London.—St. Thomas Times-Journal.

A Novel Clock

An ordinary clock has been designed which at eight hours resembles a picture of water lilies.

The picture is the chief topic of the Royal Academy exhibition of 1875. Shows a young woman reading a letter in which she has received a marriage proposal. The original title was "The Reader."

The novel clock is shaped like a water lily.

The novel clock is said to be quite easy to read.

OFF COLOUR? HOW IS YOUR LIVER?

Wake up Your Liver

—Without Calomel

Your liver is a very small organ, but it certainly can't digest your digestive and eliminative systems. It takes only two pounds of liquid bile into your body to digest a meal. This is done by taking salts, oil, mineral water, a nice candy or a piece of fruit. You can't digest a meal without your liver. You can't move your bowels if they're through—and you can't sleep if you're through.

Cartier's Little Liver Pills will soon bring back your appetite, restore your health, and make you feel well again. Take one tablet, Sore Throat, Safe. Ask for them by name. Retail \$1.00. 25¢ as a drugstore.

—Without Calomel.

You'll be delighted with

Baseball Notes

(Continued from page 1)

teams showed lack of practice
in the game on the whole was in-
teresting from start to finish.
Mason for Arrowwood made
a nice stop and threw to first
on a double play to third for
the only feature of the game.

With the material at hand
manager R. Hale is very op-
timistic for the success of the
team during the coming season.
It is requested that everyone
turn out to the games and
support the boys this year, as
we have prospects of the finest
team Arrowwood has had in
years. Let us all get behind
this branch of sport and boos!

Blackie 5—A.H.S. 4

The A.H.S. baseball team
journeyed to Blackie Friday
night, and after playing nine
innings of clever baseball were
forced to take defeat 5-4. On
the evening performance, Ar-
rowwood should have been
anything but losers, however
the Blackie boys played consist-
ent ball and took advantage
of the breaks.

Joe Dumka started in the
box for the A.H.S. but got
away to a bad start by allowing
Blackie 3 runs in the first inn-
ing. Leroy Richards took over
the mound duties in the fifth
inning and had the Blackie boys
well under his control. Wool-
ridge, Blackie's best all round

baseball player, pitched the
full 9 innings for Blackie, win-
ning only in the eighth inning
to allow a B.H.S. 3-2 victory.
Dumka made a grand
double play in the 8th and
had a fine time in the play.
With the score tied 4-4 with
2 men out in the ninth, Anderson,
on a below clause, was
safe at first, and scored out
of the game.

Arrowwood—Newton Dumka,
N. Dumka J., Cary, Irwin,
Bowman, Vanek, Richards,
Williams, Scott.

Blackie — Dancy, Wellman,
Myers, Woodbridge, Wellman,
Gurney, Ceney, Booth, Anderson

Softball Notes

Dame Fortune was very plu-
mp on the sports field in Ar-
rowwood yesterday when she
handed the locals a severe
lashing in both games of a
double header here with Strat-
more.

The Stratmore girls cleverly
out-played the local girls to
win by a wide margin of 38-22.
Good fielding and hard hitting
by the visitors coupled with
erratic fielding and inconsistent
batting by the locals are rea-
sons enough for the difference
between the scores. It is, how-
ever, only fair to add, that the
reverse of this statement was
true for the game played in
Stratmore last week when our
girls trounced them by 36-22.

The teams are even in
games—each has lost a home

game—and we are fully con-
vinced that each team has

plenty of opposition for the
other. Perhaps the "rubber"
game will be played off some-
time and then we'll know
which team is best. Get busy

Arrowwood, we are depending
on you.

After the game lunch was
served under the able direction
of Mrs. Hall to the members of
both girls' teams.

Stratmore—Bower, Dawkin,
Sorenson, Collison, Cormack,
Fraser, Brenner, Giroux, and
Callaghan.

Arrowwood—Beagle, Dumka,
Burris, Brown, Hall, Irwin,
A. Ward, S. Ward, I. Hesketh,
V. Hesketh, Arney, Taylor.
